The Nightingale Pledge

I solemnly pledge myself before God and in the presence of this assembly:

To pass my life in purity and to practice my profession faithfully.

I will abstain from whatever is deleterious and mischievous, and will not take or knowingly administer any harmful drug.

I will do all in my power to maintain and elevate the standards of my profession, and will hold in confidence all personal matters committed to my keeping, and all family affairs coming to my knowledge in the practice of my profession.

With loyalty will I endeavor to aid the physician in his work, and devote myself to the welfare of those committed to my care.

Our Pin

When the first class of the Toledo Hospital Training School for Nurses graduated in 1895, they received an intricately designed pin which was made from a ten dollar gold piece with the initials "T.T.S." encircled in a wreath. There is very little information available as to the pins origin. Every graduating class member has received this pin; though, due to government restrictions on defacing of money in the 1920's the pin is now made of yellow gold.

In 1947, the lettering on the pin was changed to "T.S.N." by the Alumnae Association. Again in 1959 the lettering was changed to "T.H.S.N." to include The Toledo Hospital School of Nursing.

Miss Edna E. Sharritt

Director of Nursing Education and Service

Following her graduation from the Grant Hospital School of Nursing in Columbus, Ohio, *Miss Edna Sharritt* went on to Columbia University where she obtained her Bachelor of Science and Master of Arts degrees. In 1939 she came to Toledo Hospital to fill the position of Assistant Director of Nursing. This was soon interrupted by military duty, where she served as Chief Nurse of the Cadet Nurse Program at Fletcher Hospital and later as Chief Nurse of the 238th General Hospital Division. For the past 15 years, Miss Sharritt has engaged in the activities of the Toledo Hospital School of Nursing, through her position as the Director of Nursing Education and Nursing Service.

Miss Beulah Klingler

Associate Director of Nursing Education

Miss Beulah Klingler has been associated with Toledo Hospital School of Nursing since 1950, as Clinical Instructor in surgical nursing, and as Associate Director of the school since 1951. Prior to that time she worked as assistant head nurse and instructor in delivery room at Lima Memorial Hospital, interrupting the sequence by a year in the Army Nurse Corps during World War II. She took her basic nursing at Lima Memorial Hospital, and received her B.S. degree in Nursing Education at Western Reserve University. Among her professional activities has been six years advisorship to Student Nurse Association of Ohio and ten years to Toledo Student Nurse Association.

Physiology

UNIVERSITY OF TOLEDO

The first six months of training we attend the University of Toledo. Here we get a more liberal education, and we are able to go to college and study nursing too. We register, go to classes; use the library, student union, and the hallowed halls. We are a very small part of the collegiate world, but we are a united part, for where one nurse goes, there goes a train of others. Transportation to the University is an individual thing. We ride, walk, drive, or hitchhike. In six short months, we tramp through rain, heat, cold, snow, ice, and mud. Our laboratory periods are such fun, and are spent dissecting poor defenseless cats, staining slides, tabletops, fingers, and clothes. We produce horrible odors and intriguing concoctions in chemistry classes.

R.N., B.S. Ohio State University

MRS. VARNIA REDDING
R.N. Maumee Valley Hospital

Fundamentals of Nursing

The arts and principals of nursing are given to first year students in order for them to become familiar with the principles and skills of applied nursing. By demonstration, role playing, and using themselves as guinea pigs, they learn the necessary skills used in nursing. Such things as bed making, temperatures, blood pressures, and many other more difficult procedures are learned in this manner under the watchful eye of the Fundamentals Department.

MRS. PATRICIA CONMAY
R.N. St. Elizabeth Hospital
Brighton, Mass.
B.S. Mary Manse College

MRS. CAROLE LOESCH
R.N. Toledo Hospital

Mrs. Finch, Mrs. Magnuson, Mrs. Conmay

Medical Faculty

Our medical faculty plays a major role in helping the nursing student to develop nursing techniques in all capacities. They capably lead us from exploring the basic fundamentals of disease, in the classroom, to applying the knowledge we have gained in the hospital setting. Medical nursing remains one of the most satisfying and heart-touching phases a student experiences. The constant support and guidance from these instructors helps each one of us to develop our skills and our special talents to the utmost. Through them we learn to meet the challenges with which we are confronted.

Time out for coffee!

MISS MARY BEVIS
R.N., B.S. Ohio State University
M.A. University of Chicago

MRS. ALICE MANION
R.N. St. Thomas School of Nursing

MISS MARGIE PLACE
R.N. The City Hospital of Akron
B.S. Western Reserve University

Surgical Faculty

In surgical classes we are taught the many new and miraculous advances in surgery. In our world of modern medicine, these techniques are used to cure diseases. On the wards we gain experiences and learn to care for and promote the recovery of the patients who undergo these procedures. The Surgical Faculty through their effort, patience, and encouragement are responsible for the knowledge and skills we acquire as students in Surgical nursing.

MISS GRATIA GIKLING
R.N., M.A. University of Pittsburgh

MRS. GAIL WILLIAMS
R.N., B.S. Capital University

Orthopedics Faculty

Eight weeks of the second year are spent on the orthopedic ward. Here we learn how to manage the casts and to apply traction. These patients often have a longer stay in the hospital and we try to make it as pleasant as possible. Our instructors are a big help in enabling us to understand the principles of physics in applying weights and pulleys to traction. Through lectures and clinical experience we learn the benefit of the treatment in healing the broken body. And last but not least, we share the patients' joy as they climb each step on the stairway of progress.

Don't just sit there — she's ready to deliver!

Obstetrics Faculty

It is hard to say which of the three months spent in the Obstetrical department is most exciting. A month is spent in the delivery room, nursery, and post-partum. Each service offers something new and different.

Obstetrics classes are presented expertly by Miss Hagen and Miss Swank with supplementary movies and doctors lectures. Through them we learn how life begins and how others' lives are changed by this new life. This service is truly challenging and rewarding and each of us feels a touch of sadness when we must leave the little world of Obstetrics.

MISS ANN HAGEN
R.N., B.S. Capital University
Columbus, Ohio

MISS ELAINE SWANK
R.N., B.S. Ohio State University

MRS. BAILEY
Librarian
Instructor, History of Nursing
Associate Degree, University of Toledo

MR. DORESS
Instructor, Marriage Course

MRS. BAYLESS
Instructor, Sociology
R.N., M.S. Ohio State University

Social Sciences

Sometimes nursing tends to keep us in a groove, but with the help of the Social Sciences we get a little outside interest. In Sociology we were brought face to face with social problems, such as juvenile delinquency. In our senior year we are privileged to have a Marriage Course through which we can gain a better understanding of marriage problems. History of Nursing takes us back to prehistoric nursing and brings us up to modern day nursing. We have had a look at the lives of historic nurses and are glad that much progress has been made.

MRS. COLLINS

MRS. RIEHLE

School Secretaries

Miss TERESA PANEK
R.N., Toledo Hospital
Director, Student Health Service

Miss MARY LOU FRENCH
R.N., Toledo Hospital
Instructor, E.R. and O.P.D.

Emergency and Outpatient

In addition to our many and varied experiences on the wards, we expand our knowledge in other divisions of the hospital. For a two week period we learn how to handle many unusual situations in the Emergency Room. Here we function as a team to handle minor injuries or major illnesses.

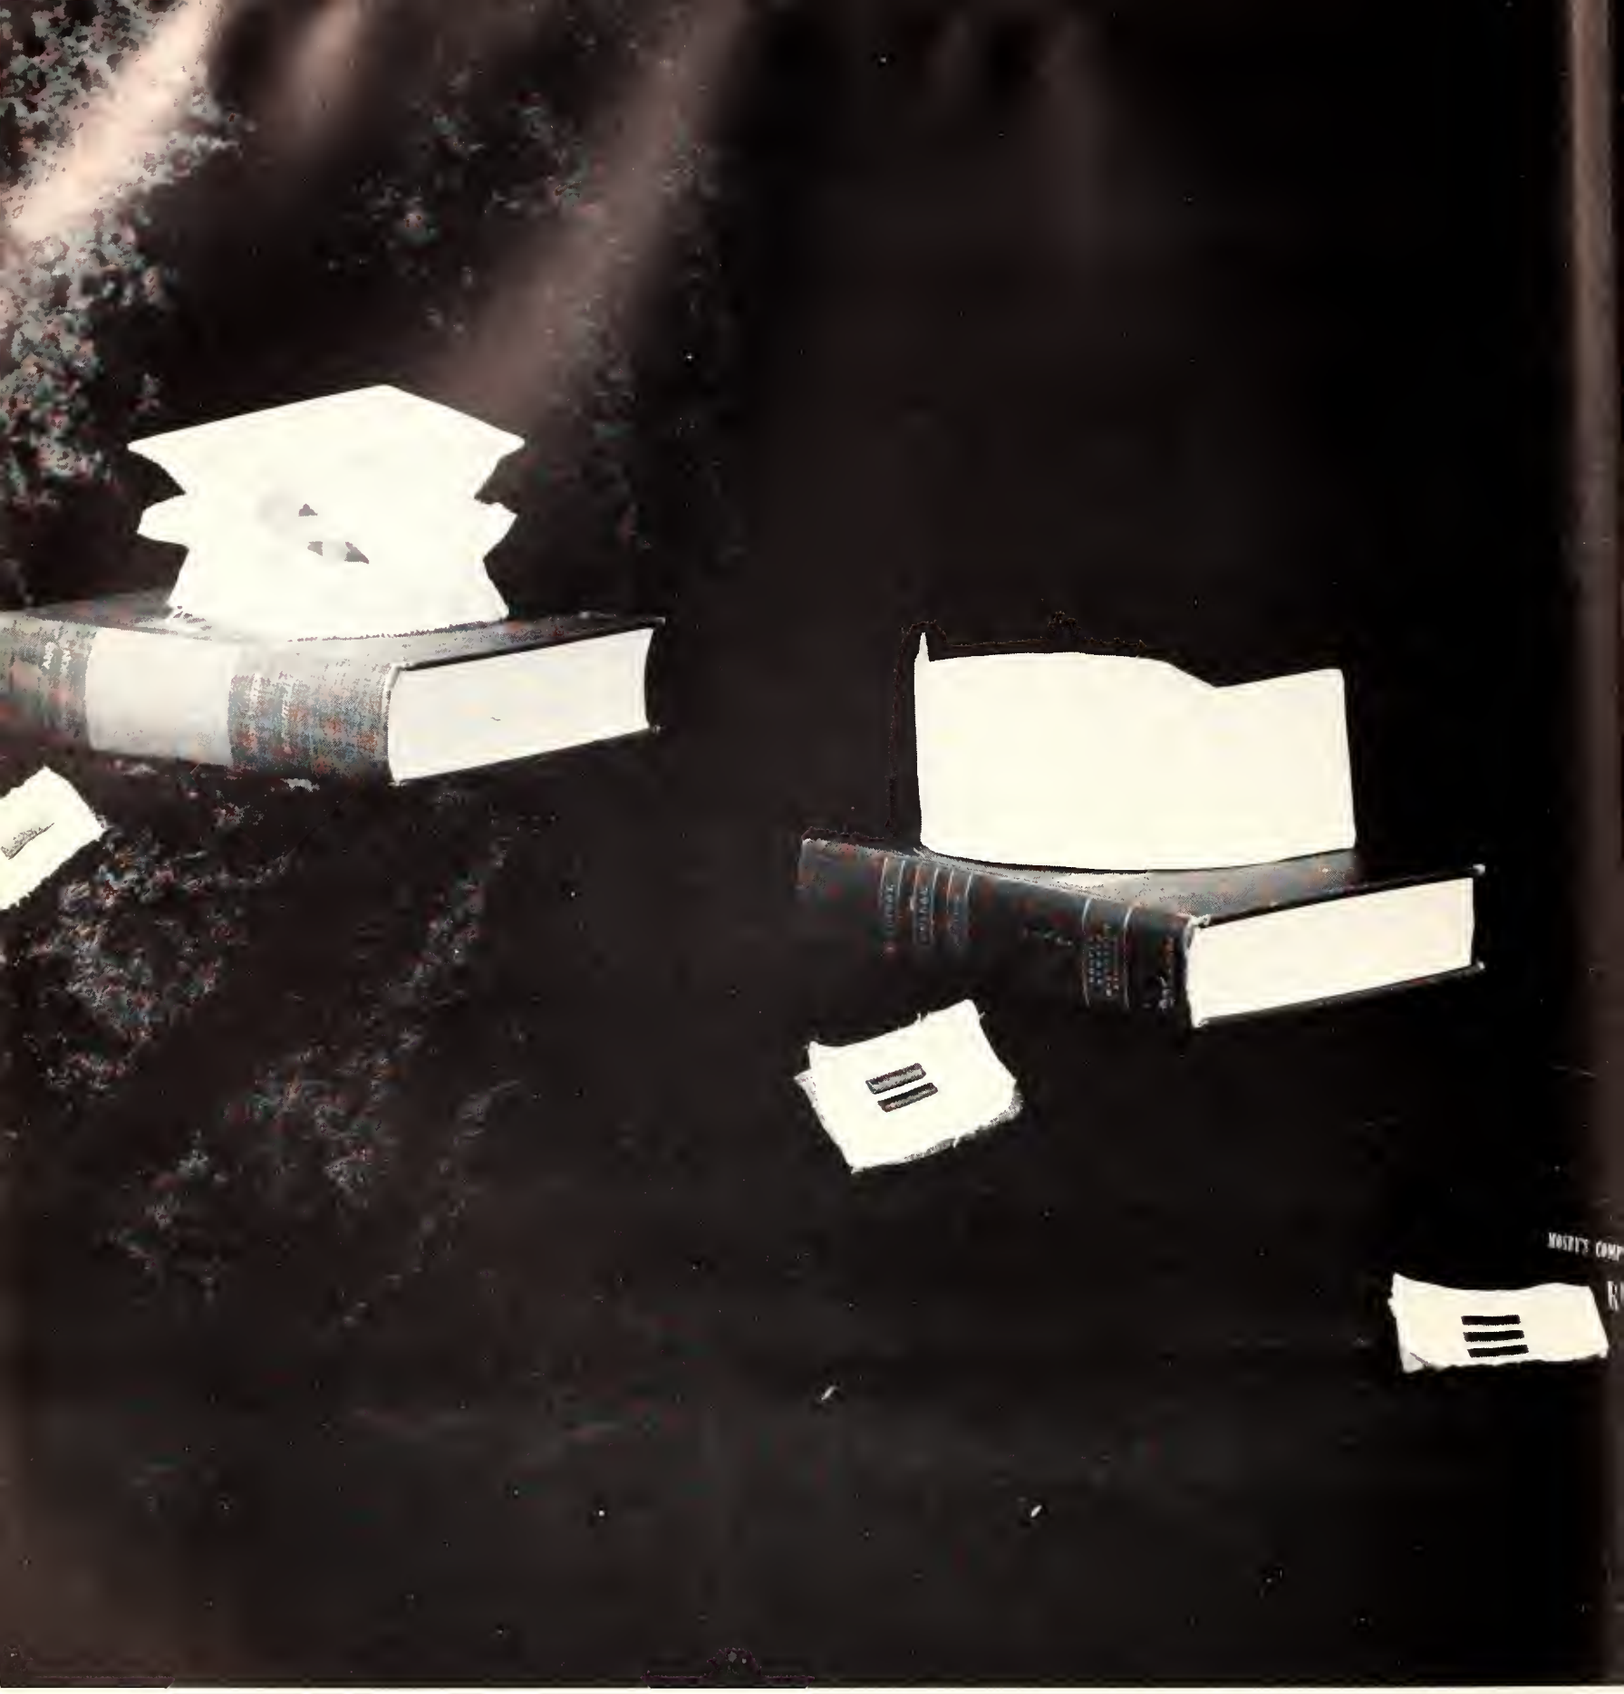
Another part of our education involves the Out-Patient department, which consists of a variety of clinics. These clinics are attended by people in our area who are unable to afford and receive adequate care.

Mrs. MARY KUPPER
B.S. University of Idaho
Instructor, Nutrition and Diet Therapy

Dietary Service

In our first year of training we are presented with a course in Nutrition, where in labs we make and sample some of the special foods that our patients must eat or drink. As we progress on into our second year we spend four weeks in Diet Therapy. Here we learn the values of special diets in different diseases. We learn how to calculate special diets and how to instruct our patients on good dietary habits.

Mrs. CATHERINE DAVIS
Instructor, Diet Therapy



CLASSES

Class advisor: Miss Bevis

We, the *Senior Class* wish to express sincere gratitude to Miss Bevis for being our friend and advisor during the last three years. During this time we have respected and admired her as a person as well as an instructor. She has worked with us, fought with us, beaten us, and techniqued us all in three years. Thank you — Miss Bevis!

The Line-Up

Welcome to T.S.H.

Our

Although our Psychiatric affiliation took us only across town in distance, we were entering an entirely different field of nursing; that of caring for the mentally ill. Our main purpose, we found, was to learn to accept the patient as he was, though not necessarily to approve of his behavior. The keys and the locked doors seemed to produce an air of secrecy but we knew it was to protect the patient. We will never forget that some of the principles learned can be carried over to our general hospital nursing.

Okay Kids, What are you really reading???

Boy are those toddlers energetic!!

Affiliations

With our bags packed; and with mixed feelings we left Croxton and our many friends to become acquainted with a new field of nursing; that of nursing sick children back to health. Our three months were filled with laughter and tears; for how can you nurse a little child with a fatal disease and not laugh with him when he's happy, and not shed a few tears for him when you're alone. Vincent Hall, the residence, was our home there; and sharing rooms with classmates, and getting to know students from all over Ohio will never be forgotten.

Whatcha got in the purse, Judy?

"Toast and conversation"

Our midway work in training has finally arrived. A growing feeling of importance and responsibility has developed through our increased experience on medical surgical floors and experiences in the "special services."

We spent many busy hours preparing for the variety show. Oh what a night, that opening night! The costumes and acts are so indescribable.

We're now looking forward to affiliation. Won't be too long 'till we'll be seniors!

This is Nurses Training???

Our class came in on the first day of September. Needless to say we were really excited about meeting new friends and getting used to dormitory life. The first few months meant walking through the park to the University. After Christmas we started to spend more time working on the floors. It was hard at first getting used to the routine, but before we knew it, we were well adjusted and more able to take care of our patients. The most important day to all of us was the day we were capped. This marked the beginning of really being a part of the nursing team. We felt more mature and able to understand our patients' needs as well as our own! Yes, this was the year of growing up and facing responsibility!

Chapel

Each Tuesday evening, the student nurses gather in the auditorium to take part in the worship service. Many ministers from Toledo, and surrounding area churches present their sermons. The service, arranged by the students, also consists of the reading of scriptures, hymn singing, special music, and prayers.

New candle holders and gold cross adorn the altar this year. New hymnals are in use, and reverent music in song can be heard floating from the room. On this night we especially thank Him who has guided us through the year.

Carnival

"Horrors!"

C. Rousch, N. Wyse, C. Wyse

An event that is eagerly awaited each year by the students is the annual carnival. This year it was held on Friday, October 27. Each class was responsible for several booths. These booths consisted of a bowling alley, jail, restaurant, dart throw, balloon shaving, limbo, the unforgettable tunnel and the mother's club bakesale. As a grand finale to the carnival, a dance was held to celebrate its financial success.

Capping

Capping is probably one of the most memorable experiences in the life of a nurse. After completion of the difficult probation period, the student nurse eagerly anticipates Capping. When she receives the traditional nurses cap of Toledo Hospital, she has, at last, reached the first step in achieving her goal. It is a tradition and an inspiration to every student nurse. Lamps are lighted by Florence Nightingale, "Mother" of nursing, who encourages them to hold their lamps high and to bring light into the lives and hearts of the people under their care. As proud parents watch, the student takes the pledge of nurses all over the world, ". . . With loyalty will I endeavor to aid the physician in his work, and devote myself to the welfare of those committed to my care."

"Here's what you've been waiting for!"

"Thank you, Flo."

Miss Belisle, a graduate of Lebanon Hospital in New York City, has been our Associate Director of Nursing Service for ten years. After graduation from Lebanon Hospital she received her B.S. and M.A. degrees from Columbia University. Here at Toledo Hospital she works effectively in executing her many duties. The team of professional nurses whose responsibility it is to keep the working conditions here at the hospital well co-ordinated are our Hospital *Administrative Assistants.* They promote sound personnel relationships and try to keep working conditions at a desirable level. We have representatives from many different hospitals working here as supervisors.

Thanks and Good-Bye to

Mrs. Robinson

"May I help you?"

"Care for some tea?"

A very understanding friend in our home away from home is our housemother, *Mrs. Robinson.* There's not a room you could walk into without finding some of her interest in our comfort and needs. Cozy chairs in the livingroom for watching TV, new color on the walls, a new hair-dryer, re-upholstered chairs and new lamps in every room, and appetizing snacks at the weekly teas, are only a few of her accomplishments. We have always found her willing to listen to our suggestions and to come up with a few of her own. Thank you and good-by, Mrs. Robinson!
